- Russell Parton, Tel. 0412 566 370. *\$70/hour within 10 km from Lindfield.*
- *The Club does not especially recommend any one repairer, but some of our members have used them and have been very satisfied. Here is an indication of the hourly rate before taking your computer to their premises or having them visit your home*

#### CREATIVE WRITING GROUP:

The creative writing group is meeting at the club rooms at 10 am on the first Monday of each month. We welcome any 'creative' writers to come and join us for an entertaining morning – interesting refreshments provided. We will not be meeting during January, so you would have plenty of time to write an interesting article during the two month break. The February 2018 meeting will be held this time on Monday 29 January, and topic is: "Where There is a Will There is a Way". For further information please contact Margaret Ball on 9487 2679, [m2ball@iprimus.com.au](mailto:m2ball@iprimus.com.au).

**Windows "Fall Creator Edition":** Roughly every 6 months Microsoft releases a major update with new features. The latest of these feature releases is now being distributed. This means you may receive a computer warning that a major update is available and a prompt for an instal time. The update may take up to 90 minutes to install. You should see few differences afterwards. The main enhancements are in areas such as Virtual Reality. If you wish to see which major version of Windows you are running go to Settings -> System -> About. The Version should show as 1709 after this update (2017, 9th month).

**HaveIbeenpwned.com:** It is important to use multiple passwords for all your different logins and accounts. That way, if a less important login gets hacked, it does not put all your logins at risk. You can check if some aspect of your account has been hacked by going to the web site 'haveibeenpwned.com'. You should not panic if your account shows up as generally nothing critical has been taken.

**Windows 10 Half page snap:** Have you ever wanted to just move a window to the left or right half of the screen? Pressing the Windows key + Left Arrow and Windows key + Right Arrow will snap windows to the left and right half of the screen respectively. Try it and you will see how it works. The Windows key is the keyboard key that has the old 4 quadrant windows symbol.

For further information, please contact any of the following:

President:	Bill Soper
Vice President	Dorothy Soper
Secretary:	Margaret Ball
Treasurer	Ken Rowe
Public Officer:	John Richardson
